Dr. Miles' Heart Cure

Cures a Prominent Attorney.

MR. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 80. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

BASIS OF PEACE

Terms Discussed by President McKinley and His Advisers.

WILL BE SUBMITTED

To the Cabinet For Consideration at a Meeting Held Today.

THE PHILIPPINE ISLANDS

Pressure Favoring an Independent Government.

Troops Now In Cuba to Be Returned to This Country as Soon as Possible, Under Orders From the Secretary of War.

Surprisingly Large Number of Cases of Sickness at Santiago—Twenty-Seventh Indiana Battery on the High Seas—Two Kentucky and One Indiana Regiments Arrive at Newport News—Doings at Camp Thomas—Other War News.

Washington, July 29.—The basis of peace which the United States government will find acceptable are being prepared by Secretary Day. These terms were the formal subject of interest and discussion yesterday in official circles. If the president's purpose was to secure a free expression of public opinion on this subject he has been gratified with the response made through the newspapers and in the exhibition of interest by government officials in the complex problem now presented. Although it was stated that no announcement of the position assumed by the United States in this matter would be forthcoming before it had been formally discussed in the cabinet today, there is the best reason to believe that after the full conference the president has had individually with the members of his cabinet and that Secretary Day has even now practically reduced to form the reply that the United States government will make to the Spanish government's overture through Ambassador Cambon.

On the main points of the terms of peace the administration's position was so well defined and stated in previous dispatches that there is little left to conjecture.

About the only point that seems to be open to amendment of an extensive character is the disposition of the Philippines. It can be stated that the conclusion has been reached to abide by the first decision on this point, namely, to relinquish the Philippine islands, retaining a coaling station there surrounded by a sufficient zone of land to make itself supporting. This decision, it is possible though not probable, may be again changed before the cabinet discusses of the matter today, as strong influences are at work to induce the president to insist upon the substitution of at least an independent government over the Philippines for Spanish rule. If this point shall be difficult of settlement the answer to Spain may not be

rendered today, but may have to wait upon another cabinet meeting next Tuesday.

CAMP THOMAS.

Apprehension Felt by the Men That They Will Never See the Front.

Chickamauga, Ga., July 29.—The weather at Camp Thomas yesterday was in contrast with that of the previous four days. The sun shone brightly and there was no rain except a heavy shower late in the afternoon.

The regiments throughout the park resumed drill work and the fields were alive with marching bluecoats giving to Camp Thomas a very military aspect.

The One Hundred and Sixtieth Indiana, commanded by Colonel Gauder, was the only regiment that left Camp Thomas yesterday. The regiment would have left Rossille for Newport News early in the day but for the delay of the railroad companies in getting all the cars in position. It was late last evening when the last of six sections pulled out, carrying the Indiana regiment to its destination.

At present no other regiments are under orders to proceed to the front, and there is a general feeling of apprehension among the regiments that they will never reach that goal, owing to peace negotiations. There is doubtless not a soldier among the 45,000 volunteers at this camp who does not have an earnest desire to go to the front and make a record in battle.

Unless there is a change in the plan to move the First corps owing to peace negotiations, it is expected that another brigade will get out from Camp Thomas within two or three days.

No Word From Miles.

Washington, July 29.—No word came from General Miles yesterday and the war department assumes that he is pursuing his advance across the island of Porto Rico toward San Juan.

LITTLE DISCONTENT.

How the Peace Overtures are Received By Spaniards.

London, July 29.—The Madrid correspondent of the Daily Mail remarking on "the feeling of satisfaction and relief the peace overtures have produced," says:

"There is little probability of popular discontent and none at all if Spain is allowed to retain the Philippines and is not compelled to pay indemnity. The attitude of the people makes the chances of Don Carlos small. Moreover, the Carlists are said to disagree about the advisability of rising. The Marquis De Cerralbo and other leaders opposing the step. Nevertheless it is feared that Don Carlos will insist upon it."

SPANISH PRISONERS.

Paid Off In United States Currency By Cervera.

Portsmouth, N. H., July 29.—The Spanish prisoners confined at Seaveys Island were paid off by the Spanish government yesterday, the money being received from Admiral Cervera at Annapolis, the men receiving from \$4 to \$10 in American currency.

Additional clothes and shoes will be furnished those who need them at the expense of the United States government.

MUST PAY THE TAX.

Express Companies and Not Shippers Must Attach Stamps to Bills of Lading.

Chicago, July 29.—Judge Tauley of the circuit court has ruled in favor of the shippers in the test case brought by the Illinois Manufacturers' association, granting a writ of mandamus compelling the United States Express company to accept for transportation for shipment without the payment of 1 cent in excess of the regular rate. The case will be appealed by the defendants.

The court held that it was not within the domain of the shipper to issue the bill and that the law expressly provides that the person issuing the receipt shall affix the stamp. Three million dollars annually is the estimated sum which the express companies will have to pay in case the opinion is sustained by the higher courts.

GUATEMALA.

Prospero Morales Leading Another Revolution.

Tapachula, Mexico, July 29.—General Prospero Morales, the Guatemalan revolutionary leader, who was driven out of that country by the late President Barrios, not being satisfied with the transmission of power to President Estrada Cabrera, has pronounced and the news from Guatemala is that the government party is much alarmed and has concentrated around the city of Guatemala, daily expecting to be attacked by the revolutionists. The business community and many large planters are disgusted with the frequency of the recurring revolutions and many of them advocate annexation to the United States or the establishment of an American protectorate and some would like to be annexed to Mexico. All factions in Guatemala have been restless since Cabrera took office. Prospero Morales, the leader, is a typical Central American factional chief and his success offers no more guarantee of stability than any previous administration of Guatemalan affairs.

WAR BONDS.

Notices of Allotment May be Transferred the Same as Bonds.

Washington, July 29.—The treasury department has issued the following statement authorizing the assignment of the new bonds:

In order to save vexatious embarrassment to larger subscribers for the war loan—meaning by this, subscribers for more than \$500—the department has arranged to recognize transfers of notices of allotments, so that persons receiving notice of the amount allotted to them

will be in position to realize on them in case of necessity, substantially as readily as if they were in possession of the bonds allotted to them. This has seemed to be the duty of the treasury department in view of the unavoidable delay in placing the actual bonds in the hands of the larger subscribers. The energies of the department are now directed to shipping bonds to small subscribers, under the general theory of the law that the small subscribers should receive the first consideration.

NATIONAL FOX HUNT

Bowling Green, Ky., Almost Sure of the Meet.

Bowling Green, Ky., July 29.—Almost beyond any sort of question the National Fox Hunters' meet for this year will be held in this country. The matter has been left to the president, H. C. Trigg of this state, who will arrive here in a few days to make an investigation as to the sport to be furnished. This is a great country for fox hunting, and the local kennel club is making a strong effort to get the meet here. In all, there are something like 200 or 300 members of the National Fox Hunters' association scattered over all parts of the country. Many of the members are Ohio people, and all of them from that state are making a pull for this country.

By Fraudulent Vouchers.

Jenston, Ky., July 29.—United States Marshal Short of Richmond, has arrested William T. Campbell, postmaster here, on a charge of violating pension laws. Campbell, it is alleged, by fraudulent vouchers and affidavits continued to draw a pension issued to Mrs. Lydia Latham for nearly a year after her death. Campbell has been a merchant here for 20 years, is a man of family, and his arrest is a great surprise to his friends.

TO RAISE THE COLON.

Wrecking Company Starts For Santiago With Apparatus.

Norfolk, Va., July 29.—Whether or not the Spanish warship Cristobal Colon will be floated depends largely on the expedition which left here last night for Santiago. The Merritt & Chapman Derrick and Wrecking company is sending out the German steamer Senior under the German flag, with Captain Peter Peterson in command and Captain Chittenden in charge of the expedition, while Captain Tooker will look after the 40 divers and wreckers who go along.

On the Senior are huge pumps, boilers, surfboats and general wrecking material, but interest centers in the two monster pontoons, suggested by Lieutenant Hobson, to be placed under the hull after the Colon is pumped out.

The Merritts here have further advice that the Maria Teresa is nearly free of water and will float with a very high tide.

MESSAGE OF SPAIN'S

Semi-Official Note Issued at Madrid Regarding the Peace Negotiations.

SAY TERMS ARE TOO HARD

German National Gazette Thinks Peace Prospects Are Gloomy.

NEW MOVE AT MANILA

Captain General Augustini Relieved of All Authority Outside of the City. In View of Probable Capitulation—He Will Thus Be Able to Surrender Only Manila and Its Environs—European Conference Regarding Philippines—Two People Have Been Buried the Past.

Madrid, July 29.—At the close of the cabinet council yesterday the following semi-official note was issued: "The French ambassador at Washington during the afternoon of the 26th presented, in behalf of the Spanish government, a message to President McKinley with the view of bringing the war to an end and made known the conditions of peace. The government has received information that the message has been handed to President McKinley, who replied that he would consult with his council of ministers, and requested M. Cambon to come to the white house again to confer with him."

The Spanish officials declare that the published extracts from the note are incorrect.

TERMS TOO HARD.

German National Gazette Thinks Peace Prospects Gloomy.

London, July 29.—The Berlin correspondent of The Times says: "The terms of peace which America imposes occasion surprise here, as much too hard. The National Gazette remarks that the United States have not won a victory signal enough to warrant such hard terms and expresses the opinion that the prospects of peace are, in consequence, gloomy."

The Times commenting editorially upon the suggestion of The National Gazette that the United States have not won a victory signal enough to warrant the hard terms they would impose, says:

"This suggestion from would-be friends of Spain merely shows that these critics entirely fail to grasp the military significance of American sea power. Only by prompt and straightforward dealings with President McKinley can Spain hope to prevent the fruition of American imperial policy in the Pacific, the advantages of which even peace-loving, moderate Americans cannot ignore."

The Madrid correspondent of The Times says: "The national voluntary war fund now exceeds 25,000,000 pesetas. La Correspondencia De Espana announces that in view of the probable capitulation of Manila, General Rice, captain general of the Vizcaya islands, has been ordered to assume charge of all the territory formerly administered by Captain General Augustini. Thus General Augustini will be able to sign only the capitulation of the city of Manila and its environs."

The Madrid correspondent of The Daily Telegraph says: "However palpable the terms of peace may be they will not provoke the slightest disturbance in Spain where listless indifference is predominant."

The Vienna correspondent of The Daily Telegraph says: "The project of a European conference regarding the Philippines was brought forward long ago and there is every prospect that the conference will meet in Paris."

Have Buried the Past.

London, July 29.—The Daily Mail says this morning: "With the remarkable speech of United States Senator Davis of St. Paul, two people have been buried the past. Senator Davis' speech is a final and complete answer to the speech of Mr. Chamberlain at Birmingham. England has no need to go whining for alliance. For some years, until her navy has been strengthened, the over sea possessions of America must be held more or less on sufferance, but with the certainty that the British fleet is on the side of our kinsmen, all peril to the United States vanishes."

International Question.

London, July 29.—The Daily Graphic points out that there is a probability of an international question arising over the difficulty of dealing with the Cuban debt, since a majority of the Spanish bondholders are Frenchmen.

Newport News, Va., July 29.—With the exception of the Fourth Ohio regiment the Second brigade of the First army corps, in command of Brigadier General Haines, sailed for Porto Rico yesterday afternoon.

General Haines and his staff and the Fourth Ohio regiment are on the auxiliary cruiser St. Paul and it is not likely that this ship will leave Old Point before daybreak tomorrow as there is yet a large quantity of supplies to be loaded. The expedition was divided as follows:

Massachusetts—Ambulance, signal corps, headquarters' corps, Troops A and C New York cavalry and the City troop of Philadelphia, including 805 men, 33 officers, 454 horses, 426 mules, besides the wagons.

St. Louis—Third Illinois regiment, Colonel Bennett and staff.

Out on the water in the moonlight. A more beautiful or romantic situation for a young man to tell the story of his love and ask the young woman of his choice to share his life cannot be imagined. The courtship of a young couple may be ever so romantic and their married life be very unhappy. There are common sense considerations outside of love that have a world to do with the making of married happiness. One of the most important of these considerations is the good health of both parties to the sacred tie. The young man who is in the incipient stages of consumption commits a crime if he marries before he is restored to health. He condemns his wife to the life of a nurse and his children to early death, or lives of sickness and suffering. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption if taken in its earlier stages. This is the record established during the past thirty years. It is the great blood-maker, flesh-builder, nerve-tonic and general restorative. The young woman who suffers from weakness and disease of the delicate and important organs that make wifehood and motherhood possible has no right to answer "Yes" to a young man's proposal until she is thoroughly restored to health in a womanly way. Dr. Pierce's Favorite Prescription prepares a woman for wifehood and motherhood. It makes her strong, healthy and vigorous where a woman most needs health, strength and vigor. Thousands of women have testified to its merits. "My daughter," writes Mrs. N. A. Thomas, of Little Rock, Ark., "had been under a doctor's care for four years. Dr. Pierce's Favorite Prescription, which cured me, also cured her."

Prospero Morales, the leader, is a typical Central American factional chief and his success offers no more guarantee of stability than any previous administration of Guatemalan affairs.

WAR BONDS.

Notices of Allotment May be Transferred the Same as Bonds.

Washington, July 29.—The treasury department has issued the following statement authorizing the assignment of the new bonds:

In order to save vexatious embarrassment to larger subscribers to the war loan—meaning by this, subscribers for more than \$500—the department has arranged to recognize transfers of notices of allotments, so that persons receiving notice of the amount allotted to them

will be in position to realize on them in case of necessity, substantially as readily as if they were in possession of the bonds allotted to them. This has seemed to be the duty of the treasury department in view of the unavoidable delay in placing the actual bonds in the hands of the larger subscribers. The energies of the department are now directed to shipping bonds to small subscribers, under the general theory of the law that the small subscribers should receive the first consideration.

NATIONAL FOX HUNT

Bowling Green, Ky., Almost Sure of the Meet.

Bowling Green, Ky., July 29.—Almost beyond any sort of question the National Fox Hunters' meet for this year will be held in this county. The matter has been left to the president, H. C. Trigg of this state, who will arrive here in a few days to make an investigation as to the sport to be furnished. This is a great country for fox hunting, and the local kennel club is making a strong effort to get the meet here. In all, there are something like 200 or 300 members of the National Fox Hunters' association scattered over all parts of the country. Many of the members are Ohio people, and all of them from that state are making a pull for this county.

By Fraudulent Vouchers.

Jensentown, Ky., July 29.—United States Marshal Short of Richmond, has arrested William T. Campbell, postmaster here, on a charge of violating pension laws. Campbell, it is alleged, by fraudulent vouchers and affidavits continued to draw a pension issued to Mrs. Lydia Laehan for nearly a year after her death. Campbell has been a merchant here for 26 years, is a man of family, and his arrest is a great surprise to his friends.

TO RAISE THE COLON.

Wrecking Company Starts For Santiago With Apparatus.

Norfolk, Va., July 29.—Whether or not the Spanish wrecking Cristobal Colon will be floated depends largely on the expedition which left here last night for Santiago. The Merritt & Chapman Derrick and Wrecking company is sending out the German steamer Senior under the German flag, with Captain Peter Peterson in command and Captain Chittenden in charge of the expedition, while Captain Tooker will look after the 40 divers and wreckers who go along.

On the Senior are huge pumps, boilers, surfboats and general wrecking material, but interest centers in the two monster pontoons, suggested by Lieutenant Hobson, to be placed under the hull after the Colon is pumped out. The Merritts here have further advice that the Maria Teresa is nearly free of water and will float with a very high tide.

MESSAGE OF SPAIN'S

Semi-Official Note Issued at Madrid Regarding the Peace Negotiations.

SAY TERMS ARE TOO HARD

German National Gazette Thinks Peace Prospects Are Gloomy.

NEW MOVE AT MANILA

Captain General Augustini Relieved of All Authority Outside of the City, In View of Probable Capitulation—He Will Thus Be Able to Surrender Only Manila and Its Environs—European Conference Regarding Philippines—Two People Have Died the Past.

Madrid, July 29.—At the close of the cabinet council yesterday the following semi-official note was issued: "The French ambassador at Washington during the afternoon of the 26th presented, in behalf of the Spanish government, a message to President McKinley with the view of bringing the war to an end and made known the conditions of peace. The government has received information that the message has been handed to President McKinley, who replied that he would consult with his council of ministers, and requested M. Cambon to come to the white house again to confer with him."

The Spanish officials declare that the published extracts from the note are incorrect.

TERMS TOO HARD.

German National Gazette Thinks Peace Prospects Gloomy.

London, July 29.—The Berlin correspondent of The Times says: "The terms of peace which America imposes occasion surprise here, as much too hard. The National Gazette remarks that the United States have not won a victory signal enough to warrant such hard terms and expresses the opinion that the prospects of peace are, in consequence, gloomy."

The Times commenting editorially upon the suggestion of The National Gazette that the United States have not won a victory signal enough to warrant the hard terms they would impose, says: "This suggestion from would-be friends of Spain merely shows that these critics entirely fail to grasp the military significance of American sea power. Only by prompt and straightforward dealings with President McKinley can Spain hope to prevent the fruition of American imperial policy in the Pacific, the advantages of which even peace-loving, moderate Americans cannot ignore."

The Madrid correspondent of The Times says: "The national voluntary war fund now exceeds 25,000,000 pesetas. La Correspondencia De Espana announces that in view of the probable capitulation of Manila, General Rice, captain general of the Vizcaya islands, has been ordered to assume charge of all the territory formerly administered by Captain General Augustini. This General Augustini will be able to sign only the capitulation of the city of Manila and its environs."

The Madrid correspondent of The Daily Telegraph says: "However unpalatable the terms of peace may be they will not provoke the slightest disturbance in Spain where listless indifference is predominant."

The Vienna correspondent of The Daily Telegraph says: "The project of a European conference regarding the Philippines was brought forward long ago and there is every prospect that the conference will meet in Paris."

Have Died the Past.

London, July 29.—The Daily Mail says this morning: "With the remarkable speech of United States Senator Davis of St. Paul, two people have buried the past. Senator Davis' speech is a final and complete answer to the speech of Mr. Chamberlain at Birmingham. England has no need to go whining for alliance. For some years, until her navy has been strengthened, the over sea possessions of America must be held more or less on sufferance, but with the certainty that the British fleet is on the side of our kinsmen, all peril to the United States vanishes."

International Question.

London, July 29.—The Daily Graphic points out that there is a probability of an international question arising over the difficulty of dealing with the Cuban debt, since a majority of the Spanish bondholders are Frenchmen.

ON THE HIGH SEAS.

Twenty-Seventh Indiana Battery—Kentucky Troops at Newport News. Newport News, Va., July 29.—With the exception of the Fourth Ohio regiment the Second brigade of the First army corps, in command of Brigadier General Haines, sailed for Porto Rico yesterday afternoon.

General Haines and his staff and the Fourth Ohio regiment are on the auxiliary cruiser St. Paul and it is not likely that this ship will leave Old Point before daybreak tomorrow as there is yet a large quantity of supplies to be loaded. The expedition was divided as follows: Massachusetts—Ambulance, signal corps, headquarter's corps, Troops A and C New York cavalry and the City troop of Philadelphia, including 805 men, 33 officers, 454 horses, 426 mules, besides the wagons.

St. Louis—Third Illinois regiment, Colonel Bennett and staff.

Romanian—Four batteries of light artillery—A of Missouri, A of Illinois, B of Pennsylvania and the Twenty-seventh Indiana battery. On this transport there are 19 officers, 700 men, 319 horses and 72 mules.

Seneca, a detachment of the Fourth Pennsylvania, consisting of 24 officers and 611 men.

General Brooke, commanding the First army corps, and his staff took passage in the St. Louis.

The First Kentucky regiment, vanguard of the Third division, First division, First army corps in command of General Fred Grant, which is to make up the second Porto Rican expedition, arrived here from Chickamauga yesterday and is now in camp.

The Third battalion of the Sixteenth Pennsylvania arrived late last evening and will be followed by the Third Kentucky and the One Hundred and Sixtieth Indiana.

Shafter's Health Report. Washington, July 29.—Last night the war department posted the following dispatch from General Shafter at Santiago: Reports show total sick, 4,122; total fever cases, 3,193; new cases of fever, 822; cases of fever returned to duty, 542.

Deaths—Private J. H. Furell, Company H, Ninth Massachusetts volunteers, at Siboney, yellow fever; Corporal Thomas Robson, Company D, Twenty-fourth infantry, at Siboney, yellow fever; Private William H. Byers, Company D, Seventeenth infantry, cerebral apoplexy.

SHAFER'S TROOPS.

Washington, July 29.—Secretary Alger is deeply concerned over the welfare of the gallant troops under Shafter's command, now encamped on the outskirts of Santiago. The health report shows a surprisingly large number of cases of sickness, but army surgeons authorize the statement that these figures are misleading in a certain sense, and that the situation may not be nearly so bad as they would seem to indicate.

The slightest ailment of the most temporary nature, suffices to place a soldier's name on the sick reports, which in their present shape would not distinguish between such a case and one of mortal illness. The inference is that many of these cases in Shafter's camp are of a trivial nature but go to swell its grand total of sick and wounded. Notwithstanding this mitigating fact soldiers at the very earliest opportunity to a more healthful climate. The surgeon general, under the direction of the secretary, a few days ago inspected a tract of land adjoining Montauk Point, L. I., belonging to the Long Island Railroad company, which had been offered to the government as suitable for a large encampment. The tract is three miles square, contains an abundance of fresh water, a considerable lake, a hill 150 feet in height, and many other sanitary advantages, including salt water bathing.

CERVERA'S REPORT

On the Loss of His Fleet More Elaborate Than Sampson's.

Washington, July 29.—Admiral Cervera has forwarded to the Spanish government, through the French embassy, his full report of the naval engagement which resulted in the annihilation of the Spanish fleet. The report is very long, covering many pages of the admiral's own writing and is even a more elaborate treatment of the great engagement than that of Admiral Sampson in his report to the navy department. It was censored by Washington authorities and will be made public only by the Madrid government.

HAIL STORM.

Thousands of Windows Broken in Chicago—Other Damage.

Chicago, July 29.—Thousands of window panes were broken during a heavy hail storm in this city yesterday. Rain which fell in torrents for an hour after the hail stones had done their work, did great damage to the interiors of apartment buildings and schoolhouses. Most of the damage to windows and skylights occurred on the north and west sides, where the north windows of nearly every prominent building were broken.

Horses, pelted by hail, ran away in every direction, but no person was seriously injured. The shrubbery in Lincoln and Washington park was cut up and the greenhouses were badly damaged. Many horses were killed by live trolley wires falling.

UNRULY CONVICTS.

Fighting in the Kentucky State Prison, Sixty Punished.

Frankfort, Ky., July 29.—Convicts in the penitentiary here have heard of the change to take place in the administration of the prison next Monday, and they have become unruly, believing that the outgoing officials will not be severe on them. A general fight occurred in the prison dining room and 30 men were yelling, throwing chairs and striking each other with anything in reach and several men were injured in the melee. Shortly afterward a fight took place in the shoeshop and two men were severely injured there. After the disturbance was quelled over 60 men were punished.

Charged With Kidnaping.

St. Louis, July 29.—Herbert Fickinger, a truck farmer, who lives at Mount Jackson, a suburb of Indianapolis, and who left a wife there, was arrested here yesterday charged with kidnaping 14-year-old Birdie Scharfhauser, daughter of a neighboring farmer. When arrested Fickinger admitted that he had eloped with the girl, but denied that he had enticed her away.

RAILROAD RUMBLINGS

G. W. Sidney, of the Wabash was in the city today.
S. L. Rowell of the little Miami, was in the city today.
J. W. Thompson of the S. L. line was in the city this morning.
Engineer George Boas, of the E. & O. S. W., of Washington and William Danley, night caller of the same road and place, came up this forenoon to attend the funeral of William P. Huffman.

Charles Stewart, who has worked on a farm near Vincennes since spring, came home this morning.

THE COLUMBUS CONVENTION.

The democratic convention at Columbus Thursday was a very tame affair. The attendance was small, all the counties of the district not being represented, and few if any of the delegations were complete. The local attendance was small, prominent democrats going about their business as usual, seemingly unmindful of the date of the convention. The nomination of Mr. Griffith was a very formal affair and was received without any enthusiasm. When the nomination was made and the nominee came forward the convention did not "go wild." Neither did the delegates warm up as Mr. Griffith proceeded to read his piece. Some of them did get a little warm however, after he had read three quarters of an hour and kept on reading. It was the first time they had experienced such an ordeal. He read about what had been done down at Washington and what hadn't been done, and how badly the people needed relief at the close of the last democratic administration. He never said a word about Bryan, which was a great disappointment to Sam Dennison, Allen Clark, Billy Waltman and a few others, but the omission suited Mr. Griffith's goldbug friend, Mr. O'Brien, of Lawrenceburg.

The resolutions reaffirmed the Chicago platform but omitted to say anything about the "matchless leadership" of Colonel Bryan. Mighty careless platform makers it seems.
One of the features of the convention was John Overmeyer's speech. He showed himself to be against that notion of "imperialism" advanced by Bryan and Cleveland. He would annex Cuba, Porto Rico, the Philippines the Ladrone and Caroline islands, and all other island possessions of Spain. He would turn this war into one of conquest mightily quick. After his speech meeting was out.

The Home Paper.

"Your paper tells you when to go to church, to county court and probate court," says an eminent divine, "and when to send your children to school. It tells you who is dead, who is married; who is sick, who is born and many other things you would like to know. It calls attention to public enterprise and advocates the best of schools, of law and order in town. It records the marriage of your daughter, the death of your son and the illness of your wife, free of charge. It sets forth the advantages, attractions of your town and invites immigration, and is the first to welcome newcomers. Yet, in spite of all these benefits, some people say the home paper is not half as good as the city paper that has no interest in their business or success. The home paper, like the home church, is too often neglected by those who are benefited by it."

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by C. W. Milhou.

Republican State Convention.

The Indiana Republican State Convention will be held at Tomlinson Hall in Indianapolis on Wednesday and Thursday, August 3d and 4th, 1898. The convention will be composed of 1616 delegates, and promises to be one of the most interesting and enthusiastic conventions ever held in the State.

RAILROAD RUMBLINGS.

G. W. Sidney, of the Wabash was in the city today.
S. L. Rowell of the little Miami, was in the city today.
J. W. Thompson of the S. I. line was in the city this morning.
Engineer George Boas, of the B. & O. S. W., of Washington and William Danley, night caller of the same road and place, came up this forenoon to attend the funeral of William P. Huffman.

Charles Stewart, who has worked on a farm near Vincennes since spring, came home this morning.

THE COLUMBUS CONVENTION.

The democratic convention at Columbus Thursday was a very tame affair. The attendance was small, all the counties of the district not being represented, and few if any of the delegations were complete. The local attendance was small, prominent democrats going about their business as usual, seemingly unmindful of the date of the convention. The nomination of Mr. Griffith was a very formal affair and was received without any enthusiasm. When the nomination was made and the nominee came forward the convention did not "go wild." Neither did the delegates warm up as Mr. Griffith proceeded to read his piece. Some of them did get a little warm however, after he had read three quarters of an hour and kept on reading. It was the first time they had experienced such an ordeal. He read about what had been done down at Washington and what hadn't been done, and how badly the people needed relief at the close of the last democratic administration. He never said a word about Bryan, which was a great disappointment to Sam Dennison, Allen Clark, Billy Waltman and a few others, but the omission suited Mr. Griffith's goldbug friend, Mr. O'Brien of Lawrenceburg.

The resolutions reaffirmed the Chicago platform but omitted to say anything about the "matchless leadership" of Colonel Bryan. Mighty careless platform makers it seems.
One of the features of the convention was John Overmeyer's speech. He showed himself to be against that notion of "imperialism" advanced by Bryan and Cleveland. He would annex Cuba, Porto Rico, the Philippines the Ladrone and Caroline islands, and all other island possessions of Spain. He would turn this war into one of conquest might, quick. After his speech meeting was out.

The Home Paper.

"Your paper tells you when to go to church, to county court and probate court," says an eminent divine, "and when to send your children to school. It tells you who is dead, who is married, who is sick, who is born and many other things you would like to know. It calls attention to public enterprise and advocates the best of schools, of law and order in town. It records the marriage of your daughter, the death of your son and the illness of your wife, free of charge. It sets forth the advantages, attractions of your town and invites immigration, and is the first to welcome newcomers. Yet, in spite of all these benefits, some people say the home paper is not half as good as the city paper that has no interest in their business or success. The home paper, like the home church, is too often neglected by those who are benefited by it."

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and relief its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by C. W. Milhou.

PEACE OUTLOOK.

PRESIDENT BELIEVES SPAIN WILL
ACCEPT OUR TERMS.

Concern Over Sickness in Shafter's
Army—America's Energu
and Methods do Not
Please Spain.

The terms to be insisted on by the United States are believed to be as heretofore outlined—a complete surrender of Cuba and Porto Rico and a coaling station in the Philippines.

The president is said to be desirous of finding a way to secure a stable government for the Philippines, but is at a loss to reconcile such a requirement with the preservation of Spanish sovereignty in the islands. The answer will probably be given to Spain tomorrow.

From advices received yesterday, the president feels confident that Spain will accept the terms to be proposed.

Madrid dispatches of London papers indicate that the Spanish people are indifferent to the terms so long as Spain is allowed to have the Philippines and is not compelled to pay an indemnity.

The War Department is deeply concerned over the sickness in Shafter's army, and will remove the troops to a well-appointed camp at Montauk Point L. I., as soon as Gen. Shafter thinks it safe for them to leave Santiago.

American energy and American methods are not liked by the Spanish civil officers of Santiago, though the people are benefiting hereby. The abolition of local duties on goods for home consumption prevents harbor improvement he claims, while the regulation requiring reports of deaths he denounces as oppressive. Meanwhile the American military government is making good progress.

Buying Enthusiasm.

Enthusiasm is good capital to invest in your business. It is worth paying money for. Yes, siree, you can buy enthusiasm for money. Try it and see how certainly you can do it. Some time when you feel only a languid interest in your business, yank something out of stock and cut a great chunk off the selling price—a chunk worth while; a chunk that will compel the people to want the goods at the revised price. Then advertise in your home newspaper and tell the people what you have done. Tell them the truth, and if your selection of a leader has been wise you will soon find things stirring not only in your store, but in your breast as well.

What if you do lose a few dollars on the goods so advertised? If you have aroused your own interest in your business by arousing the interest of others you have bought enthusiasm at a very low price. It is better than spring medicine for that tired business feeling.—Brains.

PEACE OUTLOOK.

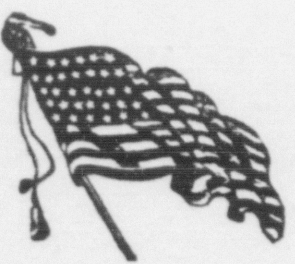

PRESIDENT BELIEVES SPAIN WILL
ACCEPT OUR TERMS.

Concern Over Sickness in Shafter's
Army—American Energy
and Methods do Not
Please Spain.

The terms to be insisted on by the
United States are believed to be as
heretofore outlined—a complete sur-
render of Cuba and Porto Rico and a
coaling station in the Philippines.

The president is said to be desirous of
finding a way to secure a stable govern-
ment for the Philippines, but is at a
loss to reconcile such a requirement
with the preservation of Spanish sov-
ereignty in the islands. The answer
will probably be given to Spain tomor-
row.

From advices received yesterday, the
president feels confident that Spain will
accept the terms to be proposed.

Madrid dispatches of London papers
indicate that the Spanish people are in-
different to the terms so long as Spain
is allowed to have the Philippines and
is not compelled to pay an indemnity.

The War Department is deeply con-
cerned over the sickness in Shafter's
army, and will remove the troops to a
well-appointed camp at Montauk Point
L. I., as soon as Gen. Shafter thinks it
safe for them to leave Santiago.

American energy and American meth-
ods are not liked by the Spanish civil
officers of Santiago, though the people
are benefiting hereby. The abolition
of local duties on goods for home con-
sumption prevents harbor improvement
he claims, while the regulation requir-
ing reports of deaths he denounces as
oppressive. Meanwhile the American
military government is making good
progress.

CITY COUNCIL

A Brief But Busy Session of the People's Representatives.

The city council met in regular bi-monthly session last night, the mayor and all councilmen but DeGolyer, present.

After Clerk McKimley read the minutes, which were approved. Reports of standing committees were called for.

Dr. Shields, chairman of the judicial committee, reported that he had been unable to get a majority of his committee together to consider the communication from A. N. Menden relative to the accident that befell Mrs. Rosa Jerrell some time ago when she fell on the sidewalk, but he said they had investigated sufficiently to know that it is a question of law and not of facts to be settled. He suggested that the city attorney and Mrs. Jerrell's attorney present the facts and the law involved at the next meeting of the council. Suggestion concurred in.

Chairman Miller reported that the finance committee had audited the last report of the city treasurer and found it correct.

The city attorney reported that he had examined the water works contract and franchise and found that it dated from January 1, 1890. Ten years from that time the city has an opportunity to purchase the plant, by first giving six months notice to that effect. The value of the plant to be ascertained by appraisal by two hydraulic engineers, one appointed by the city another by the water works company. If they can not agree they appoint a third one. If the city does not purchase the plant at that time the company has an exclusive franchise for 30 years. This report was ordered to be spread on the minutes.

The city engineer reported that William Railing had completed the Tipton street sewer according to contract. Total cost \$1012.

The engineer reported that the alley east and west through block L would require 130 cubic yards of excavation, 500 yards of concrete, 500 yards of brick and 570 feet of marginal curb. Total estimated cost \$755.72.

The following claims were allowed: Wm. Railing, bal. Tipton St. sewer \$412.00
Fire department.....120.38
A. W. Mills, supplies.....14.15
Jas. Gabn, 12 meals to prisoners 2.40
C. W. Milhous, supplies.....45

Propositions for putting up street names at all the street crossings in the city were submitted by John Bartlett and..... Both the bids being considered too high they were rejected.

Price offered a resolution for the improvement of the side walk on the west side of Pine street, between Second and Branch street. Carried. Bids for same to be received August 25.

Shepard submitted a resolution for the improvement of the sidewalk on the south side of 5th from Walnut street to Central avenue. Carried. Bids for same to be received August 25.

Shepard also offered a resolution calling for the improvement of the improved portions of sidewalks on Second street from Walnut street to Central avenue. Carried.

Under the head of miscellaneous business nearly every member had something to bring before the council. The street commissioners attention was called to several matters to which he will give immediate attention. He was directed among other things to clean up the city cemetery at an early date.

A new docket was ordered purchased for Judge Hoover.

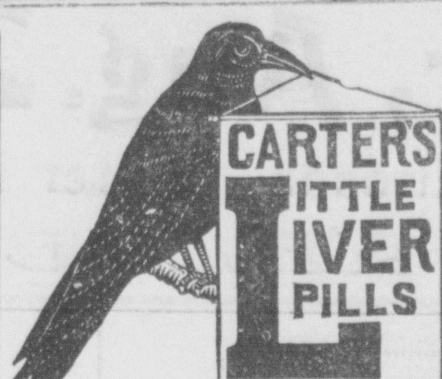

The city attorney was instructed to inquire of the B. & O. S-W. officials about constructing the proposed tunnel under the railroad tracks on Pine street.

The health officer called the attention of the council to the condition of the slaughter house south east of the city and asked for instructions. City attorney directed to advise health officer. Adjournment at 8:50.

The wonderful fighting of the first three days of July around Santiago is described by expert writers in the Review of Reviews for August. Mr. Winston Churchill gives in detail the clear account yet published of the destruction of Cervera's fleet. The story as he tells it forms one of the most thrilling chapters in the history of the American navy. This is followed by Mr. John A. Church's review of the land engagements that ended in the capitulation of Santiago July 17. Both articles are brilliantly illustrated from Hemment's photographs taken immediately after the fighting.

EXCURSION TO THE SEASHORE VIA PENNSYLVANIA LINES

\$15 ROUND TRIP FROM SEYMOUR Tuesday, July 19, and Wednesday, Aug. 10

Choice of Ten Popular Resorts—A Delightful Midsummer Outing by the Sea.

One of the ideal vacation trips is a visit to the seashore. Persons who may have participated in that enjoyment are yearly anxious to repeat the experience. To those who may not have been that fortunate, a dip in the ocean, a stroll along the sandy beach, and the myriads of pleasures at the disposal of the summer idler by the sea, have a peculiar charm. The largely patronized general excursions inaugurated last season by the Pennsylvania lines from principal points in Ohio and Indiana brought out that fact. The announcement that the Pennsylvania system will this summer again run special low rate excursions to the seashore will no doubt be welcome information to persons who may wish to spend highly enjoyable vacations along the coast.

Tuesday, July 19 and Wednesday, August 10th has been fixed as the dates for this season's general excursions to the seashore over the Pennsylvania lines. On that date round trip tickets to ten of the most popular summer havens along the Atlantic Coast will be sold. The rate will be \$15 from Seymour. Passengers may visit either Atlantic City, Cape May, Angelsea, Avalon, Holly Beach, Ocean City, Sea Isle City, Wildwood, New Jersey, Rehoboth Beach, or Ocean City, Md.

Excursion tickets will be good returning eleven days including date of sale. Train arrangements will enable excursionists to go through without any discomfort. Sleeping cars running through Philadelphia to Atlantic City without change via Delaware River Bridge Route will be included in the through car arrangements for these excursions, which will offer exceptional facilities for a delightful midsummer outing by the sea. The date on which they will run is perhaps the dullest season of the year, when absence from home and business cares will be convenient.

For special information about time of trains and other details, and for descriptive matter of the ten resorts to which tickets will be sold, list of hotels at each, please address Geo. L. Williams, ticket agent, or W. W. Richardson, D. P. Agt., Indianapolis, Ind.

CITY COUNCIL

A Brief But Busy Session of the People's
Representative.

The city council met in regular bi-
monthly session last night, the mayor
and all councilmen but DeGolyer, pres-
ent.

After Clerk McKinney read the
minutes, which were approved, reports
of standing committees were called for.

Dr. Shields, chairman of the judicial
committee, reported that he had been
unable to get a majority of his com-
mittee together to consider the com-
munication from A. N. Menden relative
to the accident that befell Mrs. Rosa
Jerrell some time ago when she fell on
the sidewalk, but he said they had in-
vestigated sufficiently to know that it
is a question of law and not of facts to
be settled. He suggested that the city
attorney and Mrs. Jerrell's attorney
present the facts and the law involved
at the next meeting of the council. Sug-
gestion concurred in.

Chairman Miller reported that the
finance committee had audited the last
report of the city treasurer and found
it correct.

The city attorney reported that he
had examined the water works contract
and franchise and found that it dated
from January 1, 1890. Ten years from
that time the city has an opportunity to
purchase the plant, by first giving six
months notice to that effect. The val-
ue of the plant to be ascertained by ap-
praisalment by two hydraulic engineers,
one appointed by the city and another by
the water works company. If they can
not agree they appoint a third one. If
the city does not purchase the plant at
that time the company has an exclusive
franchise for 30 years. This report was
ordered to be spread on the minutes.

The city engineer reported that
William Railing had completed the
Tipton street sewer according to con-
tract. Total cost \$1012.

The engineer reported that the alley
east and west through block L would
require 130 cubic yards of excavation,
500 yards of concrete, 500 yards of
brick and 570 feet of marginal curb.
Total estimated cost \$705.72.

The following claims were allowed:
Wm. Railing, bal. Tipton St. sewer \$412.00
Street work..... 120.38
Fire department..... 33.00
A. W. Mills, supplies..... 14.15
Jas. Gabn, 12 meals to prisoners 2.40
C. W. Milhouse, supplies..... 45

Propositions for putting up street
names at all the street crossings in the
city were submitted by John Bartlett
and..... Both the
bids being considered too high they
were rejected.

Price offered a resolution for the im-
provement of the sidewalk on the west
side of Pine street, between Second
and Branch street. Carried. Bids for
same to be received August 25.

Shepard submitted a resolution for
the improvement of the sidewalk on
the south side of 5th from Walnut
street to Central avenue. Carried. Bids
for same to be received August 25.

Shepard also offered a resolution
calling for the improvement of the im-
proved portions of sidewalks on Sec-
ond street from Walnut street to Cen-
tral avenue. Carried.

Under the head of miscellaneous
business nearly every member had
something to bring before the council.
The street commissioners attention was
called to several matters to which he
will give immediate attention. He was
directed among other things to clean
up the city cemetery at an early date.

A new docket was ordered purchased
for Judge Hoover.

The city attorney was instructed to
inquire of the B. & O. S-W. officials
about constructing the proposed tunnel
under the railroad tracks on Pine
street.

The health officer called the attention
of the council to the condition of the
slaughter house south east of the city
and asked for instructions. City attor-
ney directed to advise health officer.
Adjournment at 8:50.

SEASHORE
VIA
PENNSYLVANIA
LINES
\$15 ROUND TRIP FROM SEYMOUR
Tuesday, July 19, and Wednesday Aug. 10
Choice of Ten Popular Resorts - A Delight-
ful Midsummer Outing by the Sea.
One of the ideal vacation trips is a
visit to the seashore. Persons who may
have participated in that enjoyment are
yearly anxious to repeat the experience.
To those who may not have been that
fortunate, a dip in the ocean, a stroll
along the sandy beach, and the myriads
of pleasures at the disposal of the sum-
mer idler by the sea, have a peculiar
charm. The largely patronized general
excursions inaugurated last season by
the Pennsylvania lines from principal
points in Ohio and Indiana brought out
that fact. The announcement that the
Pennsylvania system will this summer
again run special low rate excursions to
the seashore will no doubt be welcome
information to persons who may wish
to spend highly enjoyable vacations
along the coast.
Tuesday, July 19 and Wednesday,
August 10th has been fixed as
the dates for this season's gen-
eral excursions to the seashore over the
Pennsylvania lines. On that date round
trip tickets to ten of the most popular
summer havens along the Atlantic Coast
will be sold. The rate will be \$15 from
Seymour. Passengers may visit either
Atlantic City, Cape May, Angelsea, Aya-
lan, Holly Beach, Ocean City, Sea Isle
City, Wildwood, New Jersey, Rehoboth
Beach, or Ocean City, M. I.
Excursion tickets will be good return-
ing eleven days including date of sale.
Train arrangements will enable excur-
sionists to go through without any dis-
comfort. Sleeping cars running through
Philadelphia to Atlantic City without
change via Delaware River Bridge Route
will be included in the through car ar-
rangements for these excursions, which
will offer exceptional facilities for a de-
lightful midsummer outing by the sea.
The date on which they will run is per-
haps the busiest season of the year,
when absence from home and business
cares will be convenient.

trains and other details, and for des-
criptive matter of the ten resorts to

Cures a Prominent Attorney.

M. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and swooning spells. My form was bent as a man of 60. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

BASIS OF PEACE

Terms Discussed by President McKinley and His Advisers.

WILL BE SUBMITTED

To the Cabinet For Consideration at a Meeting Held Today.

THE PHILIPPINE ISLANDS

Pressure Favoring an Independent Government.

Troops Now In Cuba to Be Returned to This Country as Soon as Possible.

Under Orders From the Secretary of War. Surprisingly Large Number of Cases of Sickness at Santiago—Twenty-Seventh Indiana Battery on the High Seas—Two Kentucky and One Indiana Regiments Arrive at Newport News—Doings at Camp Thomas—Other War News.

Washington, July 29.—The basis of peace which the United States government will find acceptable are being prepared by Secretary Day. These terms were the formal subject of interest and discussion yesterday in official circles. If the president's purpose was to secure a free expression of public opinion on this subject, he has been gratified with the response made through the newspapers and in the exhibition of interest by government officials in the complex problem now presented. Although it was stated that no announcement of the position assumed by the United States in this matter would be forthcoming before it had been formally discussed in the cabinet today, there is the best reason to believe that after the full conference the president has had individually with the members of his cabinet he has already made up his own mind, and that Secretary Day has even now practically reduced to form the reply that the United States government will make to the Spanish government's overture through Ambassador Cambon.

On the main points of the terms of peace the administration's position was so well defined and stated in previous dispatches that there is little left to conjecture.

About the only point that seems to be open to amendment of an extensive character is the disposition of the Philippines. It can be stated that the conclusion has been reached to abide by the first decision on this point, namely, to relinquish the Philippine Islands, retaining a coaling station there surrounded by a sufficient zone of land to make itself supporting. This decision, it is possible though not probable, may be again changed before the cabinet disposition of the matter today, as strong influences are at work to induce the president to insist upon the substitution of at least an independent government over the Philippines for Spanish rule. If this point shall be difficult of settlement, the answer to Spain may not be

renowned today, but may have to wait upon another cabinet meeting next Tuesday.

CAMP THOMAS. Apprehension Felt by the Men That They Will Never See the Front. Chickamauga, Ga., July 29.—The weather at Camp Thomas yesterday was in contrast with that of the previous four days. The sun shone brightly and there was no rain except a heavy shower late in the afternoon.

The regiments throughout the park resumed drill work and the fields were alive with marching bluecoats giving to Camp Thomas a very military aspect.

The One Hundred and Sixtieth Indiana, commanded by Colonel Gander, was the only regiment that left Camp Thomas yesterday. The regiment would have left Rossville for Newport News early in the day but for the delay of the railroad companies in getting all the cars in position. It was late last evening when the last of six sections pulled out, carrying the Indiana regiment to its destination.

At present no other regiments are under orders to proceed to the front, and there is a general feeling of apprehension among the regiments that they will never reach that goal, owing to peace negotiations. There is doubtless not a soldier among the 45,000 volunteers at this camp who does not have an earnest desire to go to the front and make a record in battle.

Unless there is a change in the plan to move the First corps owing to peace negotiations, it is expected that another brigade will get out from Camp Thomas within two or three days.

No Word From Miles. Washington, July 29.—No word came from General Miles yesterday and the war department assumes that he is pursuing his advance across the island of Porto Rico toward San Juan.

LITTLE DISCONTENT. How the Peace Overtures are Received By Spaniards. London, July 29.—The Madrid correspondent of the Daily Mail remarking on "the feeling of satisfaction and relief the peace overtures have produced," says:

"There is little probability of popular discontent and none at all if Spain is allowed to retain the Philippines and is not compelled to pay indemnity. The attitude of the people makes the chances of Don Carlos small. Moreover, the Carlists are said to disagree about the advisability of rising. The Marquis De Cerralbo and other leaders opposing the step. Nevertheless it is feared that Don Carlos will insist upon it."

SPANISH PRISONERS. Paid Off In United States Currency By Cervera. Portsmouth, N. H., July 29.—The Spanish prisoners confined at Seaveys Island were paid off by the Spanish government yesterday, the money being received from Admiral Cervera at Annapolis, the men receiving from \$4 to \$10 in American currency.

Additional clothes and shoes will be furnished those who need them at the expense of the United States government.

MUST PAY THE TAX. Express Companies and Not Shippers Must Attach Stamps to Bills of Lading. Chicago, July 29.—Judge Tuley of the circuit court has ruled in favor of the shippers in the test case brought by the Illinois Manufacturers' association, granting a writ of mandamus compelling the United States Express company to accept for transportation for shipment without the payment of 1 cent in excess of the regular rate. The case will be appealed by the defendants.

The court held that it was not within the domain of the shipper to issue the bill and that the law expressly provides that the person issuing the receipt shall affix the stamp. Three million dollars annually is the estimated sum which the express companies will have to pay in case the opinion is sustained by the higher courts.

GUATEMALA. Prospero Morales Leading Another Revolution. Tapachula, Mexico, July 29.—General Prospero Morales, the Guatemalan revolutionary leader, who was driven out of that country by the late President Barrios, not being satisfied with the transmission of power to President Estrada Cabrera, has pronounced and the news from Guatemala is that the government party is much alarmed and has concentrated around the city of Guatemala, daily expecting to be attacked by the revolutionists. The business community and many large planters are disgusted with the frequency of the recurring revolutions and many of them advocate annexation to the United States or the establishment of an American protectorate and some would like to be annexed to Mexico. All factions in Guatemala have been restless since Cabrera took office. Prospero Morales, the leader, is a typical Central American factional chief and his success offers no more guarantee of stability than any previous administration of Guatemalan affairs.

WAR BONDS. Notices of Allotment May Be Transferred the Same as Bonds. Washington, July 29.—The treasury department has issued the following statement authorizing the assignment of the new bonds:

In order to save vexatious embarrassment to larger subscribers to the war loan—meaning by this, subscribers for more than \$500—the department has arranged to recognize transfers of notices of allotments, so that persons receiving notice of the amount allotted to them

will be in position to realize on them in case of necessity, substantially as readily as if they were in possession of the bonds allotted to them. This has seemed to be the duty of the treasury department in view of the unavoidable delay in placing the actual bonds in the hands of the larger subscribers. The energies of the department are now directed to shipping bonds to small subscribers, under the general theory of the law that the small subscribers should receive the first consideration.

NATIONAL FOX HUNT

Bowling Green, Ky., Almost Sure of the Meet.

Bowling Green, Ky., July 29.—Almost beyond any sort of question the National Fox Hunters' meet for this year will be held in this county. The matter has been left to the president, H. C. Trigg of this state, who will arrive here in a few days to make an investigation as to the sport to be furnished. This is a great kennel club for hunting, and the local kennel club is making a strong effort to get the meet here. In all, there are something like 200 or 300 members of the National Fox Hunters' association scattered over all parts of the country. Many of the members are Ohio people, and all of them from that state are making a pull for this county.

By Fraudulent Vouchers. Jensen, Ky., July 29.—United States Marshal Short of Richmond, has arrested William T. Campbell, postmaster here, on a charge of violating pension laws. Campbell, it is alleged, by fraudulent vouchers and affidavits caused to draw a pension issued to Mrs. Lydia Latham for nearly a year after her death. Campbell has been a merchant here for 25 years, is a man of family, and his arrest is a great surprise to his friends.

TO RAISE THE COLON.

Wrecking Company Starts For Santiago With Apparatus.

Norfolk, Va., July 29.—Whether or not the Spanish warship Cristobal Colon will be floated depends largely on the expedition which left here last night for Santiago. The Merritt & Chapman Derrick and Wrecking company is sending out the German steamer Senior under the German flag, with Captain Peter Peterson in command and Captain Chittenden in charge of the expedition, while Captain Tooker will look after the 40 divers and wreckers who go along.

On the Senior are huge pumps, boilers, surfboats and general wrecking material, but interest centers in the two monster pontoons, suggested by Lieutenant Hobson, to be placed under the hull after the Colon is pumped out.

The Merritts have further advice that the Maria Teresa is nearly free of water and will float with a very high tide.

MESSAGE OF SPAIN'S

Semi-Official Note Issued at

Madrid Regarding the

Peace Negotiations.

SAY TERMS ARE TOO HARD

German National Gazette

pects Are Gloomy.

NEW MOVE AT MANILA

Captain General Augustini Relieved of All

Authority Outside of the City, In View

of Probable Capitulation—He Will Thus

Be Able to Surrender Only Manila and

Its Environs—European Conference Re-

garding Philippines—Two People Have

Buried the Past.

Madrid, July 29.—At the close of the cabinet council yesterday the following semi-official note was issued: "The French ambassador at Washington during the afternoon of the 26th presented, in behalf of the Spanish government, a message to President McKinley with the view of bringing the war to an end and made known the conditions of peace. The government has received information that the message has been handed to President McKinley, who replied that he would consult with his council of ministers, and requested M. Cambon to come to the white house again to confer with him."

The Spanish officials declare that the published extracts from the note are incorrect.

TERMS TOO HARD.

German National Gazette Thinks Peace

Prospects Gloomy.

London, July 29.—The Berlin correspondent of The Times says: "The terms of peace which America imposes occasion surprise here, as much too hard. The National Gazette remarks that the United States have not won a victory signal enough to warrant such hard terms and expresses the opinion that the prospects of peace are, in consequence, gloomy."

The Times commenting editorially upon the suggestion of The National Gazette that the United States have not won a victory signal enough to warrant the hard terms they would impose, says:

"This suggestion from would-be friends of Spain merely shows that these critics entirely fail to grasp the military significance of American sea power. Only by prompt and straightforward dealings with President McKinley can Spain hope to prevent the fruition of American imperial policy in the Pacific, the advantages of which even peace-loving, moderate Americans cannot ignore."

The Madrid correspondent of The Times says: "The national voluntary war fund now exceeds 25,000,000 pesetas. La Correspondencia de Espana announces that in view of the probable capitulation of Manila, General Rice, captain general of the Vizcaya islands, has been ordered to assume charge of all the territory formerly administered by Captain General Augustini. Thus General Augustini will be able to sign only the capitulation of the city of Manila and its environs."

The Madrid correspondent of The Daily Telegraph says: "However unpalatable the terms of peace may be they will not provoke the slightest disturbance in Spain where listless indifference is predominant."

The Vienna correspondent of The Daily Telegraph says: "The project of a European conference regarding the Philippines was brought forward long ago and there is every prospect that the conference will meet in Paris."

Have Buried the Past. London, July 29.—The Daily Mail says this morning: "With the remarkable speech of United States Senator Davis of St. Paul, two people have buried the past. Senator Davis' speech is a final and complete answer to the speech of Mr. Chamberlain at Birmingham. England has no need to go whining for alliance. For some years, until her navy has been strengthened, the over sea possessions of America must be held more or less on sufferance, but with the certainty that the British fleet is on the side of our kinsmen, all peril to the United States vanishes."

International Question. London, July 29.—The Daily Graphic points out that there is a probability of an international question arising over the difficulty of dealing with the Cuban debt, since a majority of the Spanish bondholders are Frenchmen.

Fresh Meat For Santiago. Tampa, Fla., July 29.—The transport Michigan has arrived at Port Tampa and commenced loading for Santiago. She will take a large cargo of fresh meat as well as other supplies to the army.

Camara at Cadiz. Madrid, July 29.—Captain Ancon, minister of marine, has received a dispatch from Admiral Camara announcing that his fleet has cast anchor at Cadiz.

ON THE HIGH SEAS.

Twenty-Seventh Indiana Battery—Kentucky Troops at Newport News.

Newport News, Va., July 29.—With the exception of the Fourth Ohio regiment the Second brigade of the First army corps, in command of Brigadier General Haines, sailed for Porto Rico yesterday afternoon.

General Haines and his staff and the Fourth Ohio regiment are on the auxiliary cruiser St. Paul and it is not likely that this ship will leave Old Point before daybreak tomorrow as there is yet a large quantity of supplies to be loaded. The expedition was divided as follows:

Massachusetts—Ambulance, signal corps, headquarters corps, Troops A and C New York cavalry and the City troop of Philadelphia, including 805 men, 33 officers, 454 horses, 420 mules, besides the wagons.

St. Louis—Third Illinois regiment, Colonel Bennett and staff.

Romanian—Four batteries of light artillery—A of Missouri, A of Illinois, B of Pennsylvania and the Twenty-seventh Indiana battery. On this transport there are 19 officers, 700 men, 319 horses and 72 mules.

City of Washington, a detachment of the Fourth Pennsylvania regiment of 23 officers and 612 men.

Seneca, a detachment of the Fourth Pennsylvania, consisting of 24 officers and 611 men.

General Brooke, commanding the First army corps, and his staff took passage in the St. Louis.

The First Kentucky regiment, vanguard of the Third division, First division, First army corps in command of General Fred Grant, which is to make up the second Porto Rican expedition, arrived here from Chickamauga yesterday and is now in camp.

The Third battalion of the Sixteenth Pennsylvania arrived late last evening and will be followed by the Third Kentucky, a suburb of Indianapolis, and tucky and the One Hundred and Sixtieth Indiana.

Shafter's Health Report. Washington, July 29.—Last night the war department posted the following dispatch from General Shafter at Santiago: Reports show total sick, 4,122; total fever cases, 3,193; new cases of fever, 822; cases of fever returned to duty, 542. Deaths—Private J. H. Farrell, Company H, Ninth Massachusetts volunteers, at Siboney, yellow fever; Corporal Thomas Rolson, Company D, Twenty-fourth infantry, at Siboney, yellow fever; Private William H. Byers, Company D, Seventeenth infantry, cerebral apoplexy.

Shafter's Troops. Washington, July 29.—Secretary Alger is deeply concerned over the well-being of the gallant troops under Shafter's command, now encamped on the outskirts of Santiago. The health report shows a surprisingly large number of cases of sickness, but army surgeons authorize the statement that these figures are misleading in a certain sense, and that the situation may not be nearly so bad as they would seem to indicate. The slightest ailment of the most temporary nature, suffices to place a soldier's name on the sick reports, which in their present shape would not distinguish between such a case and one of mortal illness. The inference is that many of these cases in Shafter's camp are of a trivial nature but go to swell its grand total of sick and wounded. Notwithstanding this mitigating fact Secretary Alger is going to remove the soldiers at the very earliest opportunity to a more healthful clime. The surgeon general, under the direction of the secretary, a few days ago inspected the tract of land adjoining Mount Point, L. L., belonging to the Long Island Railroad company, which had been offered to the government as suitable for a large encampment. The tract is three miles square, contains an abundance of fresh water, a considerable lake, a hill 150 feet in height, and many other sanitary advantages, including salt water bathing.

Cervera's Report. On the Loss of His Fleet More Elaborate Than Sampson's. Washington, July 29.—Admiral Cervera has forwarded to the Spanish government, through the French embassy, his full report of the naval engagement which resulted in the annihilation of the Spanish fleet. The report is very long, covering many pages of the admiral's own writing and is even a more elaborate treatment of the great engagement than that of Admiral Sampson in his report to the navy department. It was censored by Washington authorities and will be made public only by the Madrid government.

The Indiana Republican State Convention will be held at Tomlinson Hall in Indianapolis on Wednesday and Thursday, August 3d and 4th, 1898. The convention will be composed of 1616 delegates, and promises to be one of the most interesting and enthusiastic conventions ever held in the State.

RAILROAD RUMBLINGS

G. W. Sidney, of the Wabash was in the city today.
S. L. Rowell of the Little Miami, was in the city today.
J. W. Thompson of the S. I. line was in the city this morning.

Engineer George Boas, of the B. & O. S. W., of Washington and William Danley, night caller of the same road and place, came up this forenoon to attend the funeral of William P. Huffman.

Charles Stewart, who has worked on a farm near Vincennes since spring, came home this morning.

THE COLUMBUS CONVENTION.

The democratic convention at Columbus Thursday was a very tame affair. The attendance was small, all the counties of the district not being represented, and few if any of the delegations were complete. The local attendance was small, prominent democrats going about their business as usual, seemingly unmindful of the date of the convention. The nomination of Mr. Griffith was a very formal affair and was received without any enthusiasm. When the nomination was made and the nominee came forward the convention did not "go wild." Neither did the delegates warm up as Mr. Griffith proceeded to read his piece. Some of them did get a little warm however, after he had read three quarters of an hour and kept on reading. It was the first time they had experienced such an ordeal. He read about what had been done down at Washington and what hadn't been done, and how badly the people needed relief at the close of the last democratic administration. He never said a word about Bryan, which was a great disappointment to Sam Dennison, Allen Clark, Billy Waltman and a few others, but the omission evited Mr. Griffith's goldbug friend, Mr. O'Brien, of Lawrenceburg.

The resolutions reaffirmed the Chicago platform but omitted to say anything about the "matchless leadership" of Colonel Bryan. Mighty careless platform makers it seems.
One of the features of the convention was John Overmeyer's speech. He showed himself to be against that notion of "imperialism" advanced by Bryan and Cleveland. He would annex Cuba, Porto Rico, the Philippines the Ladrone and Caroline islands, and all other island possessions of Spain. He would turn this war into one of conquest mightily, quick. After his speech meetin' was out.

The Home Paper.

"Your paper tells you when to go to church, to county court and probate court," says an eminent divine, "and when to send your children to school. It tells you who is dead, who is married; who is sick, who is born and many other things you would like to know. It calls attention to public enterprise and advocates the best of schools, of law and order in town. It records the marriage of your daughter, the death of your son and the illness of your wife, free of charge. It sets forth the advantages, attractions of your town and invites immigration, and is the first to welcome newcomers. Yet, in spite of all these benefits, some people say the home paper is not half as good as the city paper that has no interest in their business or success. The home paper, like the home church, is too often neglected by those who are benefited by it."

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by C. W. Milhous.

PEACE OUTLOOK.

PRESIDENT BELIEVES SPAIN WILL ACCEPT OUR TERMS.

Concern Over Sickness in Shafter's Army—American Energy and Methods do Not Please Spain.

The terms to be insisted on by the United States are believed to be as heretofore outlined—a complete surrender of Cuba and Porto Rico and a ceding station in the Philippines.

The president is said to be desirous of finding a way to secure a stable government for the Philippines, but is at a loss to reconcile such a requirement with the preservation of Spanish sovereignty in the islands. The answer will probably be given to Spain tomorrow.

From advices received yesterday, the president feels confident that Spain will accept the terms to be proposed.

Madrid dispatches of London papers indicate that the Spanish people are indifferent to the terms so long as Spain is allowed to have the Philippines and is not compelled to pay an indemnity.

The War Department is deeply concerned over the sickness in Shafter's army, and will remove the troops to a well-appointed camp at Montauk Point, L. I., as soon as Gen. Shafter thinks it safe for them to leave Santiago.

American energy and American methods are not liked by the Spanish civil officers of Santiago, though the people are benefiting hereby. The abolition of local duties on goods for home consumption prevents harbor improvement, he claims, while the regulation requiring reports of deaths he denounces as oppressive. Meanwhile the American military government is making good progress.

Buying Enthusiasm.

Enthusiasm is good capital to invest in your business. It is worth paying money for. Yes, siree, you can buy enthusiasm for money. Try it and see how certainly you can do it. Some time when you feel only a languid interest in your business, yank something out of stock and cut a great chunk off the selling price—a chunk worth while; a chunk that will compel the people to want the goods at the revised price. Then advertise in your home newspaper and tell the people what you have done. Tell them the truth, and if your selection of a leader has been wise you will soon find things stirring not only in your store, but in your breast as well.

What if you do lose a few dollars on the goods so advertised? If you have aroused your own interest in your business by arousing the interest of others you have bought enthusiasm at a very low price. It is better than spring medicine for that tired business feeling.—Brains.

A CHILD ENJOYS.

The pleasant flavor, gentle action, and soothing effect of Syrup of Figs, when in need of a laxative, and if the father or mother be constipated or bilious, the most gratifying results follow its use; so that it is the best family remedy known and every family should have a bottle. Manufactured by the California Fig Syrup Co.
